### Message from the School President

California Hair Design Academy (CHDA) is pleased to present the 2016 CHDA Campus Security Report. This annual security report is published in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and is intended to disseminate important information to the school community. The statements enclosed in this document address the school's policies, procedures and programs concerning safety; including emergency response, safety awareness and crime prevention. Crime statistics were reported to have occurred on campus, on property owned or controlled by the school or on public property within or immediately adjacent to the campus and are presented in this report for a three year period.

This report is available online at: <http://chdaschools.com/images/pdf/annualecurityreport.pdf>. You may also request a paper copy from your school safety officer: Bona Ruiz at the La Mesa campus or Brenda Garcia at the Chula Vista campus.

Sincerely,

Len Steinbarth School President

### **Preparation of Disclosure of Crime Statistics**

California Hair Design Academy, prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our web site at:

<http://chdaschools.com/images/pdf/annualsecurityreport.pdf>. This report is prepared in cooperation with the local law enforcement agencies surrounding our main campus and alternate sites, as well as the designated school safety officer. The designated school safety officer provides updated information on their educational efforts and programs to comply with the Jeanne Clery Act.

Campus crime, arrest and referral statistics include those reported to the designated campus officials (including but not limited to the School Safety Officer, directors, supervisors, department heads and all staff members and local law enforcement agencies. California law (11160 of the California Penal Code) requires prompt, mandatory reporting to the local law enforcement agency by health care practitioners (such as those at Student Health Services) when they provide medical services to a person they know or reasonably suspects is suffering from wounds inflicted by a firearm or is a result of assaultive or abusive conduct. A procedure is in place to anonymously capture crime statistics disclosed confidentially during counseling sessions should a student request such confidentiality.

Each year, all enrolled students are provided the web site to access this report. Faculty and staff receive similar notification or via electronic email. Copies of the report may be obtained at the administrative offices.

### **Security Awareness Programs for Students and Employees**

During orientation, which occurs prior to the commencement of classes, students are informed of services offered by the school safety officer. Students review Crime Statistics and Campus Safety disclosures prior to enrolling. Similar information is presented to new employees. Crime Prevention and Sexual Assault Prevention is discussed on a continual basis. When the Annual Security Report is published each fall, current students are notified and given access to the new report.

Periodically during the academic year, the school presents crime prevention awareness sessions on sexual assault (rape and acquaintance rape), Rohypnol abuse, theft, and vandalism as well as educational sessions on personal safety. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security.

## **How to Report Criminal Offenses**

Contact the appropriate agency to report a crime or **911** for emergencies at either campus:

La Mesa Police Department at 619-667-1400 (non-emergencies in La Mesa, CA.) or

Chula Vista Police Department at 619-691-5151 (non-emergencies in Chula Vista, CA.)

Any suspicious activity or person(s) seen in the parking lots, shopping center area, or inside campus buildings should be reported to the police department.

When making a report to authorities note to include the following information:

1. Date time and location of the incident
2. A description of the incident
3. Description of the individuals involved in the incident and or vehicles
4. Detail of whom was notified about the incident  
and the security of others.

In addition you may report your safety concerns, including suspected criminal activity, to the following:

1. The supervising instructor on campus
2. The designated School Safety Officer/ inspection and maintenance of fire and emergency equipment :  
La Mesa Campus — Bona Ruiz                      Chula Vista Campus — Brenda Garcia

## **Access to Campus Facilities**

During business hours, the school will be open to students, parents, employees, contractors, guests and invitees.

During non-business hours access to all school facilities is by key obtained from school staff members. In the case periods when there is an extended closing, the school will admit only those with prior approval of the school's staff. Safety officers are expected to render all possible assistance provided such assistance can be given without significantly endangering the officer or others not involved in the crime.

The school maintains a close working relationship with the La Mesa Police Department and the Chula Vista Police Department. Meetings are held between the leaders of these agencies on an informal basis. The School Safety Officer and supervising instructors communicate regularly on the scene of incidents that occur in and around the campus area. There is no written memorandum of understanding between school and the listed police agencies.

If any unauthorized individual is seen in the building the staff member will contact their supervisor and/or Emergency Plan Coordinator.

### **Voluntary Confidential Reporting**

If you are the victim of a crime and do not want to pursue action within the school system or the criminal justice system, you may still want to consider making a confidential report. With your permission, the School Safety Officer can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the school can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

### **Limited Voluntary Confidential Reporting**

The school encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, the school cannot hold reports of crime in confidence.

### **Encouragement of Accurate and Prompt Crime Reporting**

Community members, students, faculty, staff and guests are encouraged to report all crimes and public safety related incidents to the school safety officer in a timely manner. To report a crime or an emergency on/or near the schools, call 619-461-8600 for the La Mesa school and 691-422-1007 for the Chula Vista school. For emergencies call 911. If assistance is required from local police agencies, the school will contact the appropriate agency. If a sexual assault or rape should occur, staff on the scene can refer the victim to appropriate agencies. The school maintains a list of resources and publication contains information about on-campus and off campus resources. That information is made available to provide school community members with specific information

about the resources that are available in the event that they become the victim of a crime. The information about "resources" is not provided to infer that those resources are "reporting entities" for the school.

Crimes should be reported to the School Safety Officer to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.

### **Counselors and Confidential Crime Reporting**

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities.

Campus "Pastoral Counselors" and Campus "Professional Counselors", when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. Counselors are defined as: a) *Pastoral Counselor*: An employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor. b) *Professional Counselor*: An employee of an institution whose official responsibilities include providing psychological counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

### **Disclosures to Alleged Victims of Crimes of Violence or Non-forcible Sex Offenses**

The school will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the results of any disciplinary hearing conducted by the college against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the school will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

### **Sexual offense and Sexual Harassment Policy**

CHDA is committed to maintain an environment supporting the students and staff. The educational mission is one to be free of exploitation and intimidation. All forms of sexual offense and /or sexual harassment of students, prospective students, or employees, including but not limited to crimes of dating violence, domestic violence, sexual assault and stalking is an unacceptable conduct and will not be tolerated. CHDA enforces this policy through internal disciplinary and grievance procedures and encouragement of external prosecution through the appropriate law enforcement officials.

### **Sexual Offense Definition**

Sex offenses include many sexual acts directed against another person forcibly and /or against that person's will, or not forcibly or against that person's will where the victim is incapable of giving consent due to his/her youth or temporary or permanent or physical incapacity.

### **Sexual Harassment Definition**

Sexual harassment is bullying or coercion of a sexual nature, or the unwelcome or inappropriate promise of rewards in exchange for sexual favors. In most modern legal contexts, sexual harassment is illegal "It is unlawful to harass a person (a student or employee) because of that person's sex." Harassment can include "sexual harassment" or unwelcome sexual advances, requests for sexual favors, and other verbal or physical harassment of a sexual nature. In the workplace, harassment may be considered illegal when it is so frequent or severe that it creates a hostile or offensive environment .It includes a range of actions from mild transgressions to sexual abuse or sexual assault.

### **Domestic violence:**

Asserted violent misdemeanor and felony offenses committed by the victim's current or former spouse, current or former cohabitant, and person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence law. Domestic violence can be physical, sexual, emotional, economic or psychological action or coercions of action that influence another person. This includes any behavior that intimidate, manipulate , humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure or wound.

### **Dating violence:**

Dating violence is by a person who has been in a romantic or intimate relationship with the victim. Whether there was such relationship will be gauged by its length, type and frequency of interaction.

### **Stalking:**

Means a course of conduct directed at a specific person that would cause a reasonable person to fear for her/his or others' safety or to suffer substantial emotional distress.

### **Consent Definition**

Consent is informed, freely given agreement, communicated by clearly understandable words or actions to participate in any form of sexual activity. Consent cannot be inferred from silence, passivity, or lack of active resistance. Consent must be given by a person with the ability and capacity to exercise free will and make rational, reasonable judgments.

A current or previous dating or sexual relationship is not sufficient to constitute consent and consent to one form of sexual activity does not imply consent to other forms of sexual activity. It is the responsibility of the person who wants to engage in the sexual activity to ensure that she or he has consent of the other to engage in the activity. Consent must be present throughout sexual activity and may be withdrawn at any time.

Consent cannot be obtained by the use of physical force, intimidation, or coercion. Having sexual activity with someone you know or may not know when they are incapacitated is a violation of this policy.

### **Evacuation Procedures**

In the event the campus is evacuated the school has clearly marked exit signs and evacuation routes posted in each room of the campus.

1. Should an alarm be sounded or a supervisor, Emergency Plan Coordinator or CEO orders an evacuation of the building, please remain calm, walk to the nearest exit and leave the building immediately.
2. Should the evacuation allow an individual to retrieve his or her personal items please do so in an orderly manner.
3. After leaving the building meet in a safe designated area and do not leave the area or return to the building. Follow the direction of the supervisor or on-site manager's instructions.
4. Fire extinguishers are marked on the emergency evacuation exit notices in each room.

Designated meeting place:

The designated meeting place for each campus will be determined by the safety of the area.

La Mesa campus:

- Dirt lot north of campus
- Parking lot in front of campus
- or designated area of safety

Chula Vista Campus

- In the back of the building
- In front of the building
- Or designated area of safety

Once all staff and students are accounted for further instructions will be given.

### **Shelter in Place**

Sheltering in place provides protection from external hazards and minimizes the chance of injury and or provide the time necessary to allow for a safe evacuation. This should be done by selecting a small interior room if possible, with no windows or as few as possible. Should you be directed to shelter-in- place do not attempt to go outside, stay inside.

A shelter-in -place may be ordered for the following reasons:

- Active Shooter
- Severe Weather

- Hazardous Material
- Civil Unrest
- Hostage situation
- Or any situation where it is best for you to stay where you are and avoid an outside threat

When this happens:

- Stay calm
- Faculty should recommend to students and others to stay inside
- selecting a small interior room if possible, with no windows or as few as possible
- Close and lock all doors and windows , exterior doors, and any other openings that lead to the outside.
- Stay away from the doors and windows
- If you are told there is danger from an explosion, close the window shades, blinds, or curtains
- Avoid overcrowding by selecting several rooms so individuals can sit calmly

Severe Weather and civil unrest:

- Stay inside and move away from windows
- Close and lock exterior doors and offices
- For extreme weather shelter in a lower level of the building if possible

**Responding to an Active Shooter on Campus:**

Quickly determine the most reasonable way to protect your own life. Remember that customers and clients are likely to follow the lead of employees and managers during an active shooter situation.

Evacuate

- If there is an accessible escape path, attempt to evacuate the premises. Be sure to:
- Have an escape route and plan in mind
- Evacuate regardless of whether others agree to follow
- Leave your belongings behind
- Help others escape, if possible
- Prevent individuals from entering an area where the active shooter may be
- Keep your hands visible
- Follow the instructions of any police officers
- Do not attempt to move wounded people
- Call 911 when you are safe

Hide out If evacuation is not possible, find a place to hide where the active shooter is less likely to find you.

Your hiding place should:

- Be out of the active shooter's view
  - Provide protection if shots are fired in your direction (i.e., an office with a closed and locked door)
- Not trap you or restrict your options for movement .To prevent an active shooter from entering your hiding place:
  - Lock the door
  - Blockade the door with heavy furniture

If the active shooter is nearby:

- Lock the door
- Silence your cell phone and/or pager
- Turn off any source of noise (i.e., radios, televisions)
- Hide behind large items (i.e., cabinets, desks)
- Remain quiet If evacuation and hiding out are not possible:
- Remain calm
- Dial 911, if possible, to alert police to the active shooter's location
- If you cannot speak, leave the line open and allow the dispatcher to listen

Take action against the active shooter

As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter by:

- Acting as aggressively as possible against him/her
- Throwing items and improvising weapons
- Yelling
- Committing to your actions

## **HOW TO RESPOND WHEN LAW ENFORCEMENT ARRIVES**

Law enforcement's purpose is to stop the active shooter as soon as possible. Officers will proceed directly to the area in which the last shots were heard.

- Officers usually arrive in teams of four (4)
- Officers may wear regular patrol uniforms or external bulletproof vests, Kevlar helmets and other tactical equipment
- Officers may be armed with rifles, shotguns, handguns
- Officers may use pepper spray or tear gas to control the situation

- Officers may shout commands and may push individuals to the ground for their safety.

How to react when law enforcement arrives:

- Remain calm, follow officers' instructions
  - Put down any items in your hands (i.e., bags, jackets)
  - Immediately raise hands and spread fingers
  - Keep hands visible at all times
  - Avoid making quick movements toward officers such as holding on to them for safety
  - Avoid pointing, screaming and/or yelling
  - Do not stop to ask officers for help or direction when evacuating, just proceed in the direction from which officers are entering the premises
- Information to provide to law enforcement or 911 operators:
- Location of the active shooter
  - Number of shooters, if more than one
  - Physical description of shooter/s
  - Number and type of weapons held by the shooter/s
  - Number of potential victims at the location. The first officers to arrive to the scene will not stop to help injured persons. Expect rescue teams comprised of additional officers and emergency medical personnel to follow the initial officers. These rescue teams will treat and remove any injured persons. They may also call upon able-bodied individuals to assist in removing the wounded from the premises. Once you have reached a safe location or an assembly point, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave until law enforcement authorities have instructed you to do so.

### **Alcoholic Beverages and Drug Use and/or Possession**

The possession, sale or the furnishing of alcohol on the school campus is governed by the school's Alcohol Policy and California state law. Laws regarding the possession, sale, consumption or furnishing of alcohol is controlled by the California Department of Alcohol and Beverage Control (ABC). However, the enforcement of alcohol laws on-campus is the primary responsibility of the school. The California Hair Design Academy's two campuses have been designated "Drug free" and under no circumstances is the consumption of alcohol permitted. The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws. Such laws are strictly enforced by the school. Violators are subject to the school's disciplinary action, criminal prosecution, fine and imprisonment. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone less than 21 years of age in a public place or a place open to the public is illegal. It is also a violation of the school's Alcohol Policy for anyone to consume or possess alcohol in any public or private area of campus.

## **Substance Abuse Education**

The school maintains a list of substance abuse prevention programs and posts these resources in public places in an effort to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The programs referenced provide services related to drug use and abuse including dissemination of informational materials, educational programs, counseling services, referrals and school college disciplinary actions.

The institutions provides the following:

**Alcohol and Drug Education:** Provision of drug and alcohol abuse publications to students and employees.

**Referral and Counseling Services:** Reference of students and employees to community drug and alcohol counseling agencies upon request.

**College Disciplinary Actions:** Review and action taken by school administration including termination.

## **Local, State and Federal Regulations Governing Alcohol**

The State of California sets 21 as the minimum age to purchase or possess any alcoholic beverage.

Specific ordinances regarding violations of alcohol laws, including driving while intoxicated, are available from the School Safety Officer.

1. Persons under age 21 found possessing alcohol may be given a fine and/or subject to incarceration. 2. Persons possessing illegal substances or drugs may be given a fine and/or incarceration upon conviction for possession of the illegal substance.

*A violation of any law regarding alcohol is also a violation of the school's Student Code of Conduct and may result in termination from the program.*

## **Issuing Timely Warnings**

In the event that an emergency situation arises, either on or off campus, that, in the judgment of the School Safety Officer or other school official, constitutes an ongoing or continuing threat, a campus-wide timely warning will be issued. The warning will be issued either through emailed, text message, social media alerts, news media or by posting of a warning on the campus facilities. Depending on the particular circumstances of the crime, the school may attempt to personally contact individual students and employees, especially in situations that could pose an immediate threat to the community and individuals.

CHDA follows local and state law enforcement when an emergency occurs that would endanger the students and staff of CHDA.

## **Procedures for testing emergency response evacuation procedures**

Emergency response and evacuation procedures are tested as least once every year for each campus and are coordinated by the Supervising staff along with Safety coordinators. The Staff and students on campus are not notified in advance of the testing.

Periodic inspections are conducted by the safety coordinator along with meetings with school staff to discuss potential hazards throughout the campus and off campus.
