In most aspects of the beauty industry field there is a great deal of standing, walking, pushing, bending and stretching, which could be for long periods of time. A person must consider his/her physical limitations in terms of making a career choice that involves extensive training. We promote the acceptance of students with physical limitations or disabilities if these students believe they can fulfill training demands.

SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY: This institution expects its students to maintain Satisfactory Academic Progress (SAP) as established by this institution. This policy applies to all students enrolled at the school and is applied consistently to all students and programs. In order to maintain satisfactory academic progress, the student must meet the following standards:

1. Maintain a cumulative academic average of "C" (70%) or better on all tests, work projects (operations) and other required course work.
2. Maintain a cumulative average attendance level of at least two-thirds (2/3) (67%) of the scheduled hours indicated on their enrollment contract. For example, a student scheduled to complete 30 hours per week would have to maintain an average weekly attendance of at least 20 hours per week ($2/3 \times 30 = 20$).

Regardless of the average level of attendance, students who have more than two consecutive weeks of absences, (14 calendar days) will be dismissed. This standard shall apply to all students except those on an approved Leave-of-Absence (see LOA policy). Students who expect to be absent 14 days or more and up to 180 days, are encouraged to request a Leave-of-Absence. In addition to attendance standards relating to Satisfactory Academic Progress (SAP), students are also required to adhere to certain other general institutional policies relating to attendance and tardiness. These policies are outlined in the "School Rules" section of this catalog on pages 10-11.

3. Complete the course within one and one-half (1-1/2) times the length of the course as defined in the enrollment agreement. For example, if the student has contracted to complete the course within 40 weeks, he or she must complete within 60 weeks.
4. Students must meet minimum academic and attendance requirements for at least one evaluation prior to the midpoint (50%) of the course to be considered as meeting satisfactory progress at the end of an evaluation period. A student will be considered to be making satisfactory progress until the next evaluation.

ACADEMIC YEAR: This institution offers programs in clock hours. For all programs, one academic year is 900 clock hours. Payment periods for all programs are determined by clock hours.

FINANCIAL AID WARNING AND FINANCIAL AID PROBATION:

A student who has not met the SAP standards described in Standards 1-4 is no longer eligible to receive financial aid (Title IV, HEA funds) except under the following conditions:

- a) The student is on financial aid *warning*. A student placed on financial aid warning may continue to receive financial aid for one payment period, under very specific circumstances. Financial aid warning status may be assigned without an appeal or other action by the student and a student cannot be on this status for more than one period. The institution may elect to place the student on financial aid *probation* without first placing the student on *warning*. See below.
- b) The student is on financial aid *probation*. A student who has lost eligibility for financial aid due to a failure to meet SAP standards, and who the institution has decided not to place on financial aid warning or who has already been on financial aid warning for one payment period, may appeal to have his or her financial aid reinstated. For a description of this appeal procedure, please see below. If a student's appeal is successful, that student is placed on financial aid probation and may continue to receive aid for one payment period only. At the end of one payment period, the student must meet the institution's satisfactory academic progress standards or meet the requirements of the academic plan developed by the institution and the student to qualify for further Title IV program funds.

SATISFACTORY ACADEMIC PROGRESS APPEAL PROCEDURES: Within (5) days of learning of the failure to meet SAP, students who wish to appeal a loss of financial aid eligibility should submit a written appeal to the institution's administrator. The written appeal must include the reason why the student failed to make SAP and what has changed in the student's situation that will allow the achievement of SAP at the next evaluation. These reasons may include the death of a relative, an injury or illness of the student or other allowable special circumstances. Students are requested to submit documentation supporting the reason for the appeal. The institution shall evaluate the appeal days and determine if the SAP standards can be met by the end of the subsequent evaluation period within a reasonable time frame (5-10) days. The student will then be notified in writing of the administrator's decision. A copy of all documents submitted to the administrator and school committee as well as the results of the appeal will be kept in the student's file. If a student's appeal is granted, the decision will include the written requirements of the academic plan developed by the institution and the student to qualify for further title IV, HEA program funds which will generally include that the student meet SAP standards by the end of the probation period.

NOTICE OF SATISFACTORY ACADEMIC PROGRESS DETERMINATION TO STUDENTS: Students will be notified of their SAP at the end of each payment period. The signed SAP report acknowledging receipt of this document is kept in the student file. Students are also able to monitor their attendance and academic progress on a progress report which is handed out monthly.

COURSE INCOMPLETENESS: Course incompleteness, repetitions and non-credit remedial courses are not applicable to this institution's form of instruction and have no effect upon the institution's satisfactory academic progress standards.

LEAVE OF ABSENCE: Occasionally, students may experience extended personal, medical or other problems, which make it difficult to attend class. The institution may allow a student under such circumstances to take a Leave of Absence (LOA) from the program up to 180 days in any 12-month period. LOA must be requested in writing by the student and must be approved by the school administrator. A LOA request form must be filled out and the date of leave and return must be stated on the form prior to the school administrator approving the LOA. Except when an LOA is requested due to unforeseen circumstances, the students must apply for a LOA in advance. The LOA will only be granted if there is a reasonable expectation that the student will return. A leave of absence will extend the student's contract period and maximum time frame by the same number of days in the leave of absence.

Students on LOA's will not be assessed any additional charges of tuition for the LOA period. An LOA extends the student's contract period and maximum time frame by the same number of days taken in the leave of absence. Students returning from an authorized LOA will retain all credit for clock hours and work projects completed and will be returned to the academic progress status they held prior to the start of the leave of absence. Students who fail to return from a LOA will be considered dismissed as of the last class day of attendance prior to the start of the leave, and the refund calculation will be performed and all refunds due will be issued to the student or appropriate agencies and paid within 45 days.

ATTENDANCE STATUS: Full time: Any student scheduled to attend 24 hours or more per week are considered to be full-time students. Half time enrollment requires a minimum of 12 hours per week. Part-time enrollment is defined as more that 12 but less than 24 hours per week. Less the 12 hours per week is less than half time.

GRADING SYSTEM: Students are evaluated on a regular basis on theory, practical and clinical work. The evaluations are measured on a standard percentile basis and the percentage equated to a letter grade. Evaluation forms are issued to the students according to the scheduled hours completed in the program (see page 6 for intervals of scheduled SAP). This evaluation form reflects the overall attendance and academic progress of the student. Students must maintain a "C" (70%) average to maintain satisfactory academic status. The system detailed below is the system utilized in the school.

100% - 90%	A	Superior Performance
89% - 80%	B	Above Average
79% - 70%	C	Average
69% - 60%	D	Below Average
59% - Below	F	Unsatisfactory

RE-ENTRY POLICY: All students who withdraw prior to completion may re-enter into the program without the loss of credit Program hours and provided- it is within 5 years from the date of their withdrawal which is an institutional policy. All records of the student are stored for five (5) years only and it is the responsibility of the student to maintain all documents received from the institution. The institution reserves the right to evaluate the previous enrollment and to verify that the student was in good standing with the college before the student is accepted for re-enrollment. Course repetitions do not apply to this institution.

TRANSFER HOURS FROM OTHER INSTITUTIONS: Transfer hours that are accepted from other institutions are counted as both attempted and completed hours.

STUDENT CLOCK HOUR POLICY : The Bureau of Barbering and Cosmetology will only recognize time-clock punched hours of attendance, as a result of this requirement this school can only give clock hour credit to students who record their attendance by using the time clock to -punch in and out at the start and end of their class day and lunch period. You will be given up to seven (7) minutes to clock-in and receive credit for the quarter (1/4) hour. This seven minute period applies to starting of the class day. A thirty (30) minute lunch break shall be taken when a

student attends a 6 hour class day or more. If you are attending less than a 6 hour class day and desire to take a lunch break (30 minutes), then the half hour must be deducted from your daily total and you must clock in/out on your time card for the lunch, break. Once theory classes have been started no one will be allowed to enter the theory classroom. Day students that are tardy more than 15 minutes will not be clocked-in until 10:00 a.m. at the conclusion of theory class.

At the completion of the day, operations are recorded on the current weekly operation card. The operations earned are added to the totals in the prior column and final totals transferred to the cumulative column. These cumulative figures are then entered in the prior column on the weekly operation card. The operation card must be signed by the student and the instructor daily. The operation cards reflect the students daily record of operations. It is important that all of your operations are recorded properly and accurately. The attendance personnel must be able to read your card so that the operations are transferred correctly.

The operation cards are the property of the school and must remain in the school at all times. After clocking in you are required to maintain applied effort, personnel grooming, leaving the building, reading material not related to your training or activity not related to your training is not tolerated. If this occurs you will be ask to stop such activity or to punch out for the remainder of the day. Continued activities of this nature could result in your termination.

OPERATION CREDIT: The following is a guideline for the instructor to issue credits.

1. Each Theory must be initialed in the proper category. If that category is complete, the instructor may issue credit in a comparative category.
2. The portion of the time card reflecting hours are in the Theory hours earned and any classes the instructor has demonstrated.
3. The portion of the time card concerning operations is to be applied efforts of the students as they manually perform practical subject.
4. Some practical operations may take longer to perform according to the student. Note the following time frame the Program gives for each operation: **Shampoo/set =1 1/2 hours, Scalp Treatment = 1/2 to 1 hour, Permanent Wave = 2 to 2 1/2 hours, Facial = 1 1/2 to 2 hours, Manicure =1/2 hour, Hair cut =1/2 to 1 hour**

Using the above, the Bureau of Barbering and Cosmetology would understandably not consider a student capable of performing more than three permanent waves per day.

STUDENT SERVICES: Each campus maintains an advisory and counseling service. It is recommended that any student who needs personal or educational advice, make an appointment with the office.

HOUSING: California Hair Design Academy does not assume responsibility for student housing, does not have dormitory facilities under its control, nor offers student housing assistance.

PLACEMENT AND EMPLOYMENT ASSISTANCE: Job placement assistance is provided to graduates and students at no additional charge. Upon Graduation, student's name is recorded in student registrar and the process of follow-up begins. When students take the licensing examination, it is recorded as a pass or fail. Students are encouraged to return for placement services to help graduates' efforts to secure employment in the field represented by the program the graduate completed, or in a related field that include, but are not limited to: professional appearance guidelines, job referral, and follow-up. Students are sent on interviews. The School may show the results to prospective students upon request. For students who wish to pay their own way through school, the financial officer will develop a personalized payment program for each individual. All tuition and fees are payable in advance unless other arrangements have been made prior to commencement of classes. For those students who are not receiving financial aid, payment schedules (weekly, monthly, and quarterly) are available.

WITHDRAWAL FROM THE PROGRAM

You may withdraw from the school at any time after the cancellation period (described above) and receive a pro rata refund if you have completed 60 percent or less of the scheduled hours in the current payment period in your program through the last day of attendance. A withdrawal may be effectuated by the student's written notice or by the student's conduct, including but not necessarily limited to, a student's lack of attendance. STUDENT LOANS: If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student

has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds.

REFUNDS: In any case where a refund is due to the Title IV Programs, the application of the refund will be made as follows: First to FFELP (student loan programs), second to Pell Grants and third to SEOG Grants. FINANCIAL AID MECHANISM: Financial aid is a mechanism that reduces out-of-pocket costs that students and/or parents must pay to obtain a specific postsecondary education. Presented differently, financial aid is money made available to help students meet the cost of college attendance. Financial aid includes grants and loans. Grants do not have to be repaid. Loans usually have low interest rates and must be repaid in accordance to the individual loan program terms. Most of the loans can be arranged to require payment after a grace period of several months upon graduation, or upon the student's termination from the program or if a student's attendance falls below half time. Financial aid is awarded to students who have "need". Need is the difference between the amount of money that the family will be expected to contribute to meet student costs and the cost of education at this school.

Federal Direct Subsidized Loan, Federal Direct Subsidized Loans are made directly to students from the U.S. Department of Education. Subsidized loans are need based. Students may receive both subsidized and unsubsidized loans provided the combined amount borrowed does not exceed applicable loan limits and that the student's eligibility for a subsidized Federal Stafford Loan be determined prior to determining eligibility for the unsubsidized loan. The law also stipulates that borrowers may apply for both subsidized and unsubsidized loans using a single application and that such borrowers must be given a single repayment schedule.

Federal Direct Stafford Unsubsidized Loan: These loans expand the ability of the U.S. Department of Education to make "Unsubsidized" Federal Stafford Loans to students. These loans carry many of the same terms and conditions associated with subsidized Federal Stafford Loans with the following two exceptions:

1. Unsubsidized loans are not need based. Students may borrow up to the amount of the student's cost of attendance less other expected financial assistance (not to exceed annual loan limits).
2. The Federal Government does not pay interest subsidies to the lender while the student is enrolled or during periods of deferment. Interest must be paid or capitalized, i.e., added to the principal.

Priority for FSEOG funds will be given to students eligible for Pell Grant This institution has a year-round enrollment. Therefore, funds will be awarded in a manner that funds would be available to students enrolling throughout the entire year. If SEOG funds still available, a second priority will be given to Non-Pell recipient students with the lowest Expected Family contributions enrolled during the last three months. For additional information on Federal Financial Aid program; request "The Student Guide" published by USDE.

The school awards from the Federal Supplemental Educational Opportunity Grants in accordance with the following policy: The institutional participation in the Federal Educational Opportunity Grant is limited to the amount of funds given to the institution for an entire award year. (July 1 to June 30).

Due to the **limited** amount of funds available to the institution, it is literally impossible to award FSEOG to all students applying for aid. Therefore, the institutional policy to select FSEOG recipients is as follows: This institution has a continuing enrollment process in which students may start Tuesday of each week or Wednesday when Tuesday is an observed Holiday. In order to ensure a fair distribution of funds through the entire award year, the institution will make SEOG awards using data from the year proceeding the current year, by using student enrollment, EFC and Pell Grant data to determine how to distribute the SEOG funds available. Based on last year's data, the institution expects an enrollment of 70 new students meeting the "exceptional need" criteria to be enrolled during the 7/1/13 to 6/30/14 period.

Therefore, the awards to those students will be up to \$300 through the entire period. As of July 1, 2013, the first selection of SEOG recipients will be made from students with "exceptional need". Students with "exceptional need students" are defined by this institution as students that have an expected family contribution (EFC) that will otherwise be eligible for the FPELL Grant Program during the same award year: If enrollment figures change, and/or additional funds become available to the institution, a second selection will be made from those students ineligible for the FPELL Grant Program with the lowest expected family contribution that enrolled during the last quarter of the award year (March to June).

Both selections will be made from students, whose file has been completed, with no issues pending regarding the students' eligibility for Federal Aid. Incomplete files will not be considered in the selection criteria due to possible lack of documentation. Awards will be made as long as funds are available throughout the award year.

DEFINITIONS: The following definitions correspond to some common terms used within the financial aid terminology:

ACADEMIC YEAR: A period of not less than 30 weeks of instructional time with a minimum of 900 clock hours

of instruction for a full time student. The midpoint of the academic year shall be a minimum of 15 weeks and at least 450 clock hours. In effect, all students enrolled in courses with an academic year schedule to be completed in less than 30 weeks, regardless of the number of clock hours offered, would have aid eligibility reduced in proportion to the number of weeks and hours in the course of study in relation to the academic year.

CLOCK HOUR: 50 to 60 minutes of supervised instruction during a 60 minute period.

CREDIT BALANCE: A credit balance occurs when tuition payments have been received by the institution in excess of the amount of charges assessed to the student. Credit balances are paid within 14 business days from the day the credit balance is generated. Students must be responsible for budgeting their own funds and for securing that the funds are used for education related expenses.

DEPENDENT STUDENT: She/he is an individual that does not meet the independent student criteria. This student is required to submit with his/her application, student and parents' income and assets data.

DEPENDENT: She/he is an individual other than the spouse that has been supported and will continue to be supported (50% or more of that individual personal expenses) by the student and/or spouse. If that individual is and will continue to be supported by the student parent(s), that individual would be a dependent of the parent(s) NOT a dependent of the student.

FAMILY CONTRIBUTION (EFC): The calculated amount that a family contributes to offset the student cost of attendance.

FINANCIAL AID ELIGIBILITY CITIZEN ELIGIBLE NON-CITIZEN: You must be one of the following to receive federal student aid: U.S. Citizen, U.S. National, U.S. permanent resident who has an I-151 or I-551 (Alien Registration receipt card). PARENT(S): For the purposes of the financial, aid programs, "a parent" is the mother and/or father or adoptive parents, stepparent or legal guardian - not foster parents.

PAYMENT PERIOD: 450 hours and 15 weeks for courses of 900 hours or more. It is the-mid-point of the program for courses of less than 900 hours and 30 weeks.

NEED: Financial need is the amount left over after subtracting the expected family contribution from your cost of attendance.

WITHDRAWALS: Students are officially withdrawn on date of notification, date terminated by the institution, date of two consecutive weeks of absences or date when the student failed to return from an approved leave of absence.

REFUNDS: In any case where a refund is due to the Title IV Programs, the payment of the refund will be made within 30 days from the official withdrawal date in the following order: FDirect, FPELL FSEOG, other sources and to the student. This order will be applied providing the student received funds from that program and in amounts not to exceed the amounts originally paid from each program.

TRANSFER STUDENT: A student, who attended a Post-secondary institution before the enrollment at **CHDA**, is required to provide a Financial Aid Transcript **from each** of the institutions attended within the last six months before the enrollment at this institution. If a financial aid transcript is required, no aid may be advanced from the loan proceeds. Aid from other programs may be advanced to cover the first payment period. No additional aid will be available to the student until all Financial Aid Transcripts are received by **CHDA**

VERIFICATION PROCESS: Each year the U.S. Department of Education selects a portion of financial aid applications for a process called Verification. In the event that a student's financial aid application is selected for Verification, the school will request the documents necessary to verify the accuracy of the application. When a currently attending student's financial aid application is selected for verification, the school will notify the student. The notification will include a Verification Worksheet, what documentation needs to be provided and the applicable deadlines. A student must provide the documentation requested by the school as soon as possible, but no later than 14 days after being requested. After 14 days, the student will be asked to stop attending school until the documentation has been submitted unless the student has filed and been granted a petition for variance. All verification documentation should be submitted to the school's Financial Aid Office. Documentation may include tax returns, W-2s, IRS tax transcripts, social security and/or unemployment benefits, or signed statements. This is not an exhaustive list. All students selected for verification will also be required to complete the Verification Worksheet provided to them by the school. If the Verification process reveals that all the information is correct and there are no outstanding issues or conflicting information, the school will award and disburse aid for which the student is eligible. If Verification reveals errors or inconsistencies, the student may have to make corrections or update information. If the school has signed documentation from the student and parents, such as signatures on Verification Worksheet, the school can submit the correction or update for the student. If the award changes as a result of verification, the school will notify the student. If changes in the award result in an overpayment to the student, such cases will be referred to the Department of Education.

VERIFICATION EXCLUSIONS: Applicants excluded from verification include:

- Death- Applicant dies during the award or before the deadline for completing the verification.
- Incarceration- Applicant is incarcerated at the time the verification is to be performed.

The applicant must repay any over award, or any award, discovered during verification, for which he/she was not eligible.

CONSEQUENCES OF FAILURE TO PROVIDE DOCUMENTING WITHIN THE SPECIFIED TIME PERIOD(S): If the student the student cannot provide all required documentation, the school cannot complete the verification process within 14 days from the date of the request.
