The FERPA policies are posted on the school's website and administered to the students in the orientation packages on the first day of school.

PROGRESS POLICY: Considering the varied capabilities of individual students, some may progress from one phase of training to another at a more rapid pace. However, all students must satisfactorily complete all subject matter prior to graduation unless credit has been allowed for previous training or experience in a particular subject area. Successful graduates will be awarded an appropriate diploma upon completion of their training program.

HEALTH AND PHYSICAL CONSIDERATIONS: Generally, the professional in the beauty field must be in good physical health for he/she will be working in direct contact with patrons. In most aspects of the beauty industry field there is a great deal of standing, walking, pushing, bending and stretching, which could be for long periods of time. A person must consider his/her physical limitations in terms of making a career choice that involves extensive training. We promote the acceptance of students with physical limitations or disabilities if these students believe they can fulfill training demands.

SATISFACTORY ACADEMIC PROGRESS POLICY: This institution expects its students to maintain Satisfactory Academic Progress as established by this institution. This policy applies to all students enrolled at the school and is applied consistently to all students and programs. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education. In order to maintain satisfactory academic progress, the student must meet the following standards:

1. Maintain a cumulative academic average of "C" (70%) or better on all tests, work projects (operations) and other required course work.
2. Maintain a cumulative average attendance level of at least two-thirds (2/3) (67%) of the scheduled hours indicated on their enrollment contract. For example, a student scheduled to

complete 30 hours per week would have to maintain an average weekly attendance of at least 20 hours per week ($2/3 \times 30 = 20$).

Regardless of the average level of attendance, students who have more than two consecutive weeks of absences, (14 calendar days) will be dismissed. This standard shall apply to all students except those on an approved Leave-of-Absence. Students who expect to be absent 14 days or more and up to 180 days, are encouraged to request a Leave-of-Absence. In addition to attendance standards relating to Satisfactory Academic Progress, students are also required to adhere to certain other general institutional policies relating to attendance and tardiness. These policies are outlined in the "School Rules" section of the catalog.

3. Complete the course within one and one-half (1-1/2) times or 150% of the length of the course as defined in the enrollment agreement.
4. Students must meet minimum academic and attendance requirements for at least one evaluation prior to the midpoint (50%) of the course to be considered as meeting satisfactory progress at the end of an evaluation period. A student will be considered to be making satisfactory progress until the next evaluation.

ACADEMIC YEAR: This institution offers programs in clock hours. For all programs, one academic year is 900 clock hours. Payment periods for all programs are determined by clock hours.

EVALUATION PERIODS: Students' academic and attendance progress is evaluated at the end of each payment period.

For Cosmetology students:

- The point at which 450 hours are completed;
- The point at which 900 hours are completed;
- The point at which 1250 hours are completed;

For Barbering students:

- The point at which 450 hours are completed;
- The point at which 900 hours are completed;
- The point at which 1200 hours are completed;

For Esthetician or Teacher Training students:

- The point at which 300 hours are completed;

For Manicurist students:

- The point at which 200 hours are completed;

***Transfer Students - Midpoint of the contracted hours or the established evaluation periods, whichever comes first.**

MAXIMUM TIME FRAME

The maximum time in which the students must complete the course is within one and one-half (1-1/2) times or 150% of the length of the course as defined in the enrollment agreement. The table below is an example of maximum time frames:

COURSE	MAXIMUM TIME ALLOWED	
	WEEKS	SCHEDULED HOURS
Cosmetology (Full Time, 37.5 hrs/wk) - 1600 Hours	64	2400

Barbering (Full Time, 30 hrs/wk) – 1500 Hours	75	2250
Esthetician (Full Time, 30hrs/wk) – 600 Hours	30	900
Manicurist (Full Time, 30 hrs/wk) – 400 Hours	20	600
Teacher Training (Full Time, 30hrs/wk) – 600 Hours	30	900

The maximum time allowed for transfer students who need less than the full course requirements will be determined based on 67% of the scheduled contracted hours.

Students who have not completed the course within the maximum time frame shall be terminated from the program. The student would thereafter be permitted to re-enroll in the program on a cash-pay basis in a manner consistent with the re-enrollment provisions of the institution's admissions policy.

ATTENDANCE STATUS: Full time: Any student scheduled to attend 24 hours or more per week are considered to be full-time students. Half time enrollment requires a minimum of 12 hours per week. Part-time enrollment is defined as more than 12 but less than 24 hours per week. Less than 12 hours per week is less than half time.

ACADEMIC PROGRESS EVALUATIONS: The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a "C" (70%) written grade average to maintain satisfactory academic status. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

ACADEMIC PROGRESS EVALUATIONS (continued):

Written Evaluations

100% - 90%	A	Excellent
89% - 80%	B	Very Good
79% - 70%	C	Average
69% - 60%	D	Below Average
59% - Below	F	Unsatisfactory

NOTICE OF SATISFACTORY ACADEMIC PROGRESS DETERMINATION TO STUDENTS: Students will be notified of their satisfactory academic progress at the end of each payment period. Students who meet the minimum requirements for attendance and academic performance are considered to be making satisfactory academic progress until the next scheduled evaluation. If the student is deemed not maintaining satisfactory academic progress, the institution will advise the student at that time if their financial aid eligibility is affected. Students will receive a hard-copy of their satisfactory academic progress determination at the time of each of the evaluations. The signed satisfactory academic progress report acknowledging receipt of this document is kept in the student file. Students are also able to monitor their attendance and academic progress on a progress report which is handed out monthly. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

FINANCIAL AID WARNING AND FINANCIAL AID PROBATION:

A student who has not met the satisfactory academic progress standards described in Standards 1-4 is no longer eligible to receive financial aid (Title IV, HEA funds) except under the following conditions:

- a) The student is on financial aid *warning*. A student placed on financial aid warning may continue to receive financial aid for one payment period, under very specific circumstances. Financial aid warning status may be assigned without an appeal or other action by the student and a student cannot be on this status for more than one period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation period. The institution may elect to place the student on financial aid *probation* without first placing the student on *warning*. See below.

- b) The student is on financial aid *probation*. A student who has lost eligibility for financial aid due to a failure to meet satisfactory academic progress standards, and who the institution has decided not to place on financial aid warning or who has already been on financial aid warning for one payment period, may appeal to have his or her financial aid reinstated. For a description of this appeal procedure, please see below. If a student's appeal is successful, that student is placed on financial aid probation and may continue to receive aid for one payment period only. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation period. At the end of one payment period, the student must meet the institution's satisfactory academic progress standards or meet the requirements of the academic plan developed by the institution and the student to re-establish satisfactory academic progress and qualify for further Title IV program funds.

SATISFACTORY ACADEMIC PROGRESS APPEAL PROCEDURES: If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstances. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, is applicable.

INTERRUPTIONS, COURSE INCOMPLETES AND WITHDRAWALS:

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

LEAVE OF ABSENCE POLICY: Occasionally, students may experience extended personal, medical or other problems, which make it difficult to attend class. The institution may allow a student under such circumstances to take a Leave of Absence (herein after "LOA") from the program up to 180 days in any 12-month period. The LOA will only be granted if there is a reasonable expectation that the student will return. An LOA will not be granted if the requested LOA, together with any additional LOAs previously granted, exceed a total of 180 calendar days in any 12-month period.

The student must follow the institution's policy in requesting an LOA. The LOA must be requested in writing by the student and must be approved by a school administrator. An LOA request form must be filled out, the reason for the request must be stated, the date of leave and return must be stated and the form must be signed by the student prior to the school administrator approving the LOA. Except when an LOA is requested due to unforeseen circumstances, the students must apply for an LOA in advance.

In the event that an LOA must be taken due to unforeseen circumstances, the institution will document the reason and the beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend because of the circumstance. The institution will collect the completed LOA request form from the student at a later date.

Students on LOA's will not be assessed any additional charges of tuition for the LOA period. An LOA extends the student's contract period and maximum time frame by the same number of days taken in the leave of absence. The contract period extension will be documented by an addendum to the enrollment agreement that must be signed by all parties. Students granted an LOA that meet these criteria are not considered to have withdrawn, and no refund is required at that time. Students returning from an authorized LOA will retain all credit for clock hours and work projects completed and will be returned to the academic progress status they held prior to the start of the LOA. Students who fail to return from an LOA, or take an unapproved LOA, will be withdrawn as of the last class day of attendance prior to the start of the leave. The refund calculation will be performed on the date the student was expected to return from the leave of absence and all refunds due will be issued to the student within 14 days or the appropriate agencies within 45 days.

NONCREDIT, REMEDIAL COURSES AND REPETITIONS

Noncredit, remedial courses and repetitions are not applicable to this institution's form of instruction and have no effect upon the institution's satisfactory academic progress standards.

RE-ENTRY POLICY: All students who withdraw prior to completion may re-enter into the program without the loss of credit Program hours provided it is within 7 years from the date of their withdrawal, which is an institutional policy. All records of the student are stored for seven (7) years only and it is the responsibility of the student to maintain all documents received from the institution. The institution reserves the right to evaluate the previous enrollment and to verify that the student was in good standing with the college before the student is accepted for re-enrollment. Course repetitions do not apply to this institution.

TRANSFER HOURS: With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. Satisfactory Academic Progress evaluation periods are based on actual contracted hours at the institution.

STUDENT CLOCK HOUR POLICY : The California State Board of Barbering and Cosmetology will only recognize time-clock punched hours of attendance, as a result of this requirement this school can only give clock hour credit to students who record their attendance by using the time clock to punch in and out at the start and end of their class day and lunch period. You will be given up to seven (7) minutes to clock-in and receive credit for the quarter (1/4) hour. This seven minute period applies to starting of the class day. A thirty (30) minute lunch break shall be taken when a student attends over a 6 hour class day. If you are attending a 6 hour class day or less and desire to take a lunch break (30 minutes), then the half hour must be deducted from your daily total and you must clock in/out on your time card for the lunch break. Once theory classes have been started no one will be allowed to enter the theory classroom.

OPERATIONS:

At the completion of the day, operations are recorded on the current weekly applied effort sheet. The operations earned are added to the totals in the prior column and final totals transferred to the cumulative column. These cumulative figures are then entered in the prior column on the weekly applied effort sheet. The applied effort sheet must be signed by the student and the instructor daily. The applied effort sheets reflect the students' daily record of operations. It is important that all of your operations are recorded properly and accurately. Students are responsible for maintaining their own applied effort sheet and turning them in at the end of each week. For day students, applied effort sheets are to be turned in at the end of the day Saturday. For night students, applied effort sheets are to be turned in at the end of the day Friday. The attendance personnel must be able to read your card so that the operations are transferred correctly.

OPERATION CREDIT: The following is a guideline for the instructor to issue credits.

1. Theory hours earned and any classes the instructor has demonstrated will be reflected in the portion of the applied effort sheet reflecting hours.
2. Each Theory must be initialed in the proper category. If that category is complete, the instructor may issue credit in a comparative category.
3. The portion of the applied effort sheet concerning practical procedures is to be the applied efforts of the students as they manually perform practical subject.

STUDENT SERVICES: Our campus maintains an advisory and counseling service. Information and advice on available financial assistance is accessible to students. It is recommended that any student who needs personal or educational advice, make an appointment with the office.

HOUSING: California Hair Design Academy does not assume responsibility for student housing, does not have dormitory facilities under its control, nor offers student housing assistance. Average cost of rent in La Mesa, CA is \$1,770 a month.

PLACEMENT AND EMPLOYMENT ASSISTANCE: While the school cannot guarantee employment for graduates, assistance in finding suitable employment is provided by posting area job openings on our website job board. Students also receive training in professionalism and job search skills including how to write a resume, complete an employment application and prepare for an effective interview. The curriculum places a great deal of emphasis on how to obtain and retain employment after graduation. Graduates are encouraged to maintain contact with the school and follow up with the

school on current employment or employment needs. In addition, the school maintains a network of relationships with professionals and employers who provide mentoring to students while they are in school. Job referrals are made known to interested graduates as available.

CAREER ADVISING AND PERSONAL ATTENTION: Students are advised individually, as often as necessary and at least once a month to review the student's progress. Salon owners and stylists are scheduled into the school regularly to give demonstrations and discuss career goals, etc. with the students. This activity supplements the daily advising carried out by the instructors and supervisor. Students may request additional advising sessions at any time. Students are given personal attention assistance at every stage of training from the first day of enrollment to the day of graduation. At predetermined intervals, measuring instruments are utilized to evaluate the rate and quality of the student and remedial assignments are made when required. Particular attention is given to preparation for the Board of Barbering & Cosmetology Examination.

2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third-party.

You are not eligible for protection from the STRF and you are not required to pay the STRF fee, if either of the following applies:

1. You are not a California resident or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third-party.

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.

METHOD OF PAYMENT: Most of our students apply for financial aid. During our interview of prospective students, we will assist the student in completing the Free Application for Federal Student Aid (FAFSA) online. Using the information provided on the FAFSA online application, the Department of Education will compute a needs analysis based on the amount of income or resources compared to the cost of education, room and board, and traveling expenses. If the student qualifies, we will prepare a financial aid estimate based on the Department of Education's determination. For students who wish to pay their own way through school, the financial officer will develop a personalized payment program for each individual. All tuition and fees are payable in advance unless other arrangements have been made prior to commencement of classes. For those students who are not receiving financial aid, payment schedules (weekly, monthly, and quarterly) are available. Cash, credit cards, checks, money orders and wire transfers are all acceptable methods of payment.

SCHOLARSHIPS: Scholarships may be offered periodically. Institutional scholarships are offered for specified time periods and, if awarded, are reflected as a tuition allowance. All students who enroll during that time period are eligible for the scholarship. Ask your Admissions Representative for information regarding current scholarships that may be available.

THE INSTITUTION RESERVES THE RIGHT TO CHANGE THE TUITION AND FEES AND MAKE CHANGES WITHOUT PRIOR NOTICE. ANY CHANGE WILL NOT AFFECT ATTENDING STUDENTS.

RETURN TO TITLE IV FUNDS

The law requires that when you withdraw during a payment period, the amount of SFA program assistance that you have earned up to that point is determined by a specific formula. If you received (or the school received on your behalf) less assistance than the amount you earned, you will be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned. For the purpose of determining the amount you owe, you shall be deemed to have withdrawn from the course when any of the following occurs:

- a. You notify school of your withdrawal or the actual date of withdrawal;
- b. the School terminates your enrollment;
- c. You fail to attend classes for a 14 day period;
- d. You fail to return from a leave of absence. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance.

The amount of assistance that you have earned is determined on a pro-rata basis. That is, if you complete 30 percent of the payment period, you can earn 30 percent of the assistance you were originally scheduled to receive. Once you have completed more than 60 percent of the payment period or period enrollment, you earn all of your assistance.

If you received excess funds that must be returned, your school must return a portion of the excess equal to the lesser of

- Your institutional charges multiplied by the unearned percentage of your funds, or
- The entire amount of excess funds.

If the amount paid is more than the amount owed, then a refund will be made within 45 days of withdrawal. If the amount owed is more than the amount paid, then you will have to make arrangements to pay it. In any case where a refund is due to the Title IV Programs, the payment of the refund will be made in the following order: Federal Direct Stafford Loans, Federal Direct Plus Loans, Federal Pell Grants, Federal Supplemental Education Opportunity Grants, other sources and to the student. This order will be applied providing the student received funds from that program and in amounts not to exceed the amounts originally paid from each program.

Any loan funds that you must return, you (or your parent for a PLUS LOAN) repay in accordance with the terms of the Promissory Note. That is, you make scheduled payments to the holder of the loan over a period of time.

If you are responsible for returning grant funds, you do not have to return the full amount. The law provides that you are not required to return 50% of the grant assistance the you receive that is your responsibility to repay. Any amount that you do have to return is a grant overpayment, and you must make arrangements with your school or the Department of Education to return the funds.

Students are advised that they may owe money to the school if they withdraw, as the California Refund Policy will apply for contract purposes.

REFUND POLICY

This refund policy applies to all terminations for any reason, by either party, including student decision, course or program cancellation or school closure.

APPLICANTS NOT ACCEPTED BY THE INSTITUTION

Student applicants not accepted by the institution will be refunded all monies paid to the institution except a nonrefundable application fee not to exceed \$75.00. Monies due to the applicant or student will be refunded within 45 days of notice to the student of non-acceptance.

STUDENT'S RIGHT TO CANCEL

1. You have the right to cancel your agreement for a program of instruction, without any penalty or obligations, through attendance at the first class session or the seventh calendar day after enrollment, whichever is later.
After the end of the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro rata refund if you have completed 60 percent or less of the scheduled hours in the current payment period in your program through the last day of attendance.
2. Cancellation may occur when the student provides a written notice of cancellation at the following address: California Hair Design Academy, 8011 University Avenue, Suite A-2, La Mesa, CA 91942 or via e-mail to Stacie@chdaschools.com, Brenda@chdaschools.com or Hilda@chdaschools.com.
3. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with proper postage.
4. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.
5. The institution shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed seventy-five dollars (\$75), if notice of cancellation is made through attendance at the first class, or the seventh day after enrollment, whichever is later.

TERMINATION OF STUDENT BY INSTITUTION

The institution will terminate a student for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences in excess of the maximum set forth by the institution; and/or failure to meet financial obligations to the School. The institution will give student a written notice of the institution's intent to terminate by mail, text or e-mail. A student may appeal the termination in writing. Upon receipt of a student's appeal, the institution will consider all extenuating circumstances and advise the student as to the institution's decision to grant or deny the appeal. No administrative fee will be charged for the termination and/or appeal process.

WITHDRAWAL FROM THE PROGRAM

You may withdraw from the school at any time after the cancellation period (described above) and receive a pro rata refund if you have completed 60 percent or less of the scheduled hours in the current payment period in your program through the last day of attendance. The refund will be less a registration or administration fee not to exceed \$75.00, and less any deduction for used equipment, within 45 days of withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund. If the student has received federal student financial aid funds, the student is entitled to a refund of monies not paid from federal student financial aid program funds.

A withdrawal may be effectuated by the student's written notice or by the student's conduct, including but not necessarily limited to, a student's lack of attendance. For the purpose of determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution of the date of the student's withdrawal
- The institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to return from a leave of absence; failure to abide by the rules and regulations of the institution; absences in excess of maximum set forth by the institution; and/or failure to meet financial obligations to the School.
- The student has failed to attend class for fourteen (14) days.

For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the hourly charge for the program (total institutional charge, minus non-refundable fees, divided by the number of hours in the program), multiplied by the number of hours scheduled to attend, prior to withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the student.

RIGHT TO WITHHOLD TRANSCRIPTS AND GRADES FOR NON PAYMENT OF TUITION:An institution may withhold a student's transcript of grades if the student is in default on a student tuition contract. If the course of study consists of only one course, the institution may withhold the grades of the transcript until the tuition or loan obligation is paid in full.

ENROLLMENT TIME: is defined as the hours of attendance, that portion of the course completed on the student's last day of physical attendance in the school. Any monies due the applicant or student shall be refunded promptly after formal cancellation by the student as defined in item B or formal termination by the school, which shall occur no more than 21 days from the last day of physical attendance, or in the case of a leave of absence, the documented date of scheduled return.

STUDENT LOANS: If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student has received federal student financial aid funds, the student is entitled to a refund of the monies not paid from federal student financial aid program funds.

REFUNDS: In any case where a refund is due to the Title IV Programs, the application of the refund will be made in accordance with the Department of Education rules and regulations. This order will be applied providing the student received funds from that program and in amounts not to exceed the amounts originally paid from each program. Refund due to the lender, the aid programs or student's account will be made within 45 days. When a student requests a transfer to another school, the institution will prepare all of the academic and financial documentation requested by the student.

COMPLIANCE STATEMENT: The Federal Privacy Act of 1974 requires that students be notified that the disclosure of his/her social security number is mandatory. The social security number is used to verify students' identities, to process the awarding of funds, the collection of funds, and the tracing of individuals who have borrowed funds from federal, state or private programs.

FINANCIAL AID MECHANISM: Financial aid is a mechanism that reduces out-of-pocket costs that students and/or parents must pay to obtain a specific postsecondary education. Presented differently, financial aid is money made available to help students meet the cost of college attendance. Financial aid includes grants and loans. Grants do not have to be repaid. Loans usually have low interest rates and must be repaid in accordance to the individual loan program terms. Most of the loans can be arranged to require payment after a grace period of several months upon graduation, upon the student's termination from the program or if a student's attendance falls below half time. Financial aid is awarded to students who have "need". Need is the difference between the amount of money that the family will be expected to contribute to meet student costs and the cost of education at this school.

STUDENT ELIGIBILITY REQUIREMENTS:

To be eligible for financial aid, a student must:

- be admitted as a regular student
- be enrolled or accepted for enrollment in an eligible program on at least a halftime basis;
- be a citizen or an eligible non-citizen;
- not owe a refund on a FPELL Grant or FSEOG at any school;
- not be in default on a Perkins Loan or Stafford Loan/SLS/PLUS/Direct Loan at any school;
- have financial need;
- be making satisfactory progress (as defined by the school's policy) in the course of study;
- be registered for selective service (if a male born on or after January 1, 1960);
- have signed a statement of educational purpose;
- have signed a statement of updated information;
- have a high school diploma, (or its equivalent) a GED, or have been enrolled in a Title IV school and demonstrated the ability-to-benefit prior to July 1, 2012;
- agree to any federal student aid received is solely for educational purposes.

APPLICATION PROCEDURES AND FORMS: Financial aid applications for this institution consist of the following: Free Application for Federal Student Aid (FAFSA). This form needs to be completed as instructed on the internet. This application is located at www.fafsa.ed.gov.

Documentation to substantiate the data entered on the form may be required by the financial aid office.

Forms and assistance in completing them are available at this school during school hours.

In addition to the FAFSA, the institution requires a series of forms as they apply to the individual student aid program and to the student's individual family circumstances.

Federal William D. Ford Direct Loan Program: Funds received from either of the loan programs are subject to repayment from the student. Before a loan document is submitted to the USDE, students must be fully aware of the financial responsibilities under this loan program, the rights that the student has under the individual loan program conditions, and the consequences of a failure to meet the repayment obligations. Federal Direct Subsidized Loans are made directly to students from the U.S. Department of Education. Subsidized loans are need based. Students may borrow up to the amount of the student's cost of attendance less other expected financial assistance (not to exceed annual loan limits). The Federal Government pays interest subsidies while the student is enrolled or during periods of deferment. Students may receive both subsidized and unsubsidized loans provided the combined amount borrowed does not exceed applicable loan limits and that the student's eligibility for a subsidized Federal Stafford Loan be determined prior to determining eligibility for the unsubsidized loan. The law also stipulates that borrowers may apply for both subsidized and unsubsidized loans using a single application and that such borrowers must be given a single repayment schedule.

Federal Direct Stafford Unsubsidized Loan: These loans expand the ability of the U.S. Department of Education to make "Unsubsidized" Federal Stafford Loans to students. These loans carry many of the same terms and conditions associated with subsidized Federal Stafford Loans with the following two exceptions:

1. Unsubsidized loans are not need based. Students may borrow up to the amount of the student's cost of attendance less other expected financial assistance (not to exceed annual loan limits).
2. The Federal Government does not pay interest subsidies to the lender while the student is enrolled or during periods of deferment. Interest must be paid or capitalized, i.e., added to the principal.

DEADLINES: Applications need to be submitted at least 30 days before the end of the loan period for which the loan has been requested.

DISBURSEMENT: Financial aid is disbursed to the school and credited to the student's tuition account. It is the

student's responsibility to submit all required forms and documentation to the financial aid office before disbursement. Priority for FSEOG funds will be given to students eligible for Pell Grant. This institution has a year-round enrollment. Therefore, funds will be awarded in a manner that funds would be available to students enrolling throughout the entire year. If FSEOG funds are still available, a second priority will be given to Non-Pell recipient students with the lowest Expected Family Contributions enrolled during the last three months. For additional information on Federal Financial Aid programs; visit <https://studentloans.gov>.

DEADLINE: FAFSA applications must be received by June 30 in the year on which the application is intended for. SAR or ISIR must be submitted to the financial aid office by August 29, of the award year from which aid is requested from, or your last day of enrollment in the current financial aid year, whichever comes first. A valid ISIR requires signatures of student, spouse and/or-parents, when the ISIR has been corrected.

RENEWAL PROCESS: A FPELL Grant award received for one award year (July 1 to June 30 of the following year), is not automatically renewed for the next award year. Students must re-apply for the FPELL Grant by completing the Free Application for Federal Student Aid (FAFSA) located at www.fafsa.ed.gov. **DISBURSEMENT:** Financial aid is disbursed to the school and credited to the student's tuition account.

DETERMINING NEED: The information you report on the FAFSA form ,when you apply for aid, is used in a formula established by US. Congress which calculates your Expected Family Contribution. California Hair Design Academy utilizes the Free Application for Federal Student Aid (FAFSA) for students applying for aid. This form will be processed by a contractor of the US Department of Education at no cost to the student. The results will be provided in the form of an Electronic Student Aid Report with the calculation of the Expected Family Contribution.

COST OF ATTENDANCE: The total amount it will cost a student to go to school. This institution uses the annual school administered student surveys per federal guidelines. Nine-Month Student Expense Budgets Elements included in the budget per month:

The midpoint of the academic year shall be a minimum of 15 weeks and at least 450 clock hours. CLOCK HOUR: 50 to 60 minutes of supervised instruction during a 60 minute period.

CREDIT BALANCE: A credit balance occurs when tuition payments have been received by the institution in excess of the amount of charges assessed to the student. WITHDRAWALS: Students are officially withdrawn on date of notification, date terminated by the institution, date of two consecutive weeks of absences or date when the student failed to return from an approved leave of absence.

This order will be applied providing the student received funds from that program and in amounts not to exceed the amounts originally paid from each program.

TRANSFER STUDENT: A student, who attended a Post-secondary institution before the enrollment at California Hair Design Academy, is required to provide a Financial Aid Transcript from each of the institutions attended within the last six months before the enrollment at this institution. If a financial aid transcript is required, no aid may be advanced from the loan proceeds. Aid from other programs may be advanced to cover the first payment period. No additional aid will be available to the student until all Financial Aid Transcripts are received by California Hair Design Academy.

VERIFICATION PROCESS: Each year the U.S. Department of Education selects a portion of financial aid applications for a process called Verification. In the event that a student's financial aid application is selected for Verification, the school will request the documents necessary to verify the accuracy of the application. When a currently attending student's financial aid application is selected for verification, the school will notify the student. The notification will include a Verification Worksheet (separate forms for dependent students and independent students), what documentation needs to be provided and the applicable deadlines. A student must provide the documentation requested by the school as soon as possible, but no later than 14 days after being requested. After 14 days, the student will be asked to stop attending school until the documentation has been submitted unless the student has filed and been granted a petition for variance. All verification documentation should be submitted to the school's Financial Aid Office. Documentation may include tax returns, W-2s, IRS tax transcripts, social security and/or unemployment benefits, or signed statements. This is not an exhaustive list. All students selected for verification will also be required to complete the Verification Worksheet provided to them by the school. If the Verification process reveals that all the information is correct and there are no outstanding issues or conflicting information, the school will award and disburse aid for which the student is eligible. If Verification reveals errors or inconsistencies, the student may have to make corrections or update information. If the school has signed documentation from the student and parents, such as signatures on Verification Worksheet, the school can submit the correction or update for the student. If the award changes as a result of verification, the school will notify the student. If changes in the award result in an overpayment to the student, such cases will be referred to the Department of Education.

VERIFICATION EXCLUSIONS: Applicants excluded from verification include:

- Death- Applicant dies during the award or before the deadline for completing the verification.
- Incarceration- Applicant is incarcerated at the time the verification is to be performed.

The applicant must repay any over award, or any award, discovered during verification, for which he/she was not eligible.

CONSEQUENCES OF FAILURE TO PROVIDE DOCUMENTING WITHIN THE SPECIFIED TIME PERIOD(S): If the student cannot provide all required documentation, the school cannot complete the verification process within 14 days from the date of the request. The school then gives the applicants the following options:

- The student may continue training on a cash payment basis.
- The student may stop attending until they are able to furnish the requested documentation.
- The applicant must repay any over award or any award for which he/she was not eligible, discovered during verification.

INTERIM DISBURSEMENTS: The school may not make any interim disbursements. The student must complete verification before disbursement of any Title IV funds.
